BRUNY ISLAND SAFARIS

EXPLORE BRUNY ISLAND WITH US!

Tours developed by Craig Parsey, who lived at many of Tasmania's remote lighthouses with his family during the 1970's

Cape Bruny Lighthouse Tours & Sunset Experiences

The Iconic Cape Bruny Lighthouse Tours operate within the South Bruny National Park. A heritage listed lighthouse first commissioned in 1836 and all the original working mechanisms remain today. Photo opportunities at every point of the compass. Operated by Bruny Island Safaris.

The Cape Bruny Lighthouse is the only Southern Tasmanian Lighthouse open for Tours... The historic 1836 lighthouse towers 114m over dramatic cliff tops and coves that form the rugged Tasmanian coastline of Cape Bruny. Climb the original wrought iron spiral staircase to the top of the tower and step out onto the balcony to take in the breathtaking views of the sweeping southern ocean to the wild Tasman Sea, South East Cape, Whale Head and the South West Wilderness mountain ranges... Experience the extraordinary and vast scenery for amazing photo opportunities at every point of the compass - with albatross, gannets and many other pelagic seabirds gliding over the relentless ocean swells... observe migrating whales, short-tailed shearwaters and Wedge Tailed Eagles swooping close to the tower.

The superbly engineered lighthouse prism remains in working order and unique to see close up... learn about this early iconic navigational landmark, hear stories of shipwrecks, how it was built by convicts and how life was for a lighthouse keeper in this far south corner of our world.

Company Director Craig Parsey grew up on many Lighthouse Stations around Tasmania, including the Cape Bruny Lightstation.

****Please note****

****Cape Bruny Lighthouse Tours do not depart from Hobart; you will need to self-drive to Bruny Island, to join the Sunset Tour, you will need to be staying overnight on Bruny Island.**

****Due to safety regulations children under 5 years are not permitted to participate in the Cape Bruny Lighthouse Tours.**
